	Steelhead	1973-1995 (96) ^B	1957-1995 (12)	1962-1994 (263)					
Washington Puget Sound	Salmon	1960-1995 (3072)	1938-1991 (47)						
	Steelhead	1974-1995 (114)		1962-1994 (450)					

A = Does not include untagged, unassociated releases prior to 1982

B = Does not include untagged, unassociated releases of steelhead

Table 2. Non-Anadromous Data Contents for Version 97.1 of *StreamNet Online*.

Data Category	Description / Status
Dams Facilities	Complete for hydropower and dams 10ft and over in size for states of ID, MT, OR, and WA.
Hatchery Facilities	Complete for anadromous fish production facilities, partially complete for resident species for states of ID, MT, OR, and WA
Reference Library	StreamNet References Complete as of 11/96, includes bibliographic citations from Northwest Power Planning Council, Bonneville Power Administration, and Oregon Department of Fish and Wildlife
Mean Monthly Tributary Flow Data (USGS)	Complete through 1994 for most USGS gauging stations, daily data available from Regional Data Manager
Mainstem Dam Flow Data	Daily Flow and spill data by project from 1960-1993.
Protected Areas Data	Complete protected areas listings by stream from Northwest Power Planning Council Rulemaking in 1989.
Rivers Study Final Value Classes	Complete listings by reach of final values classes from Pacific Northwest Rivers Study.
Nearshore Ocean Upwelling Indices	Monthly Mean data for 11 west coast stations from 1946-1997, Request data from Regional Data Manager

Sea Surface Temp and Pressure	Complete temperature, pressure, and wind speed from 1854 - 1992, entire Pacific Ocean, , Request data from Regional Data Manager.
